

2011 George III Reviewing the Troops I&II

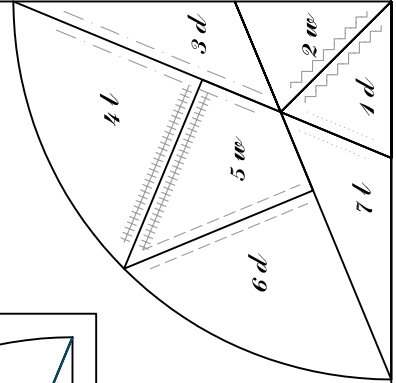

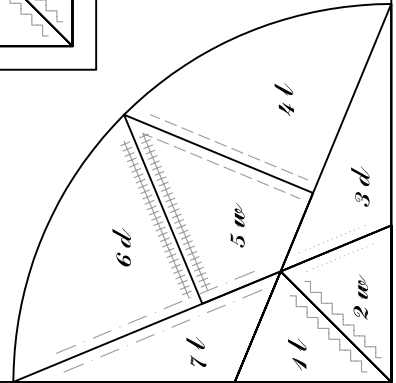

Block 1

1830 Block
Original at the
V&B

2011 Block
From the 15cm
pattern

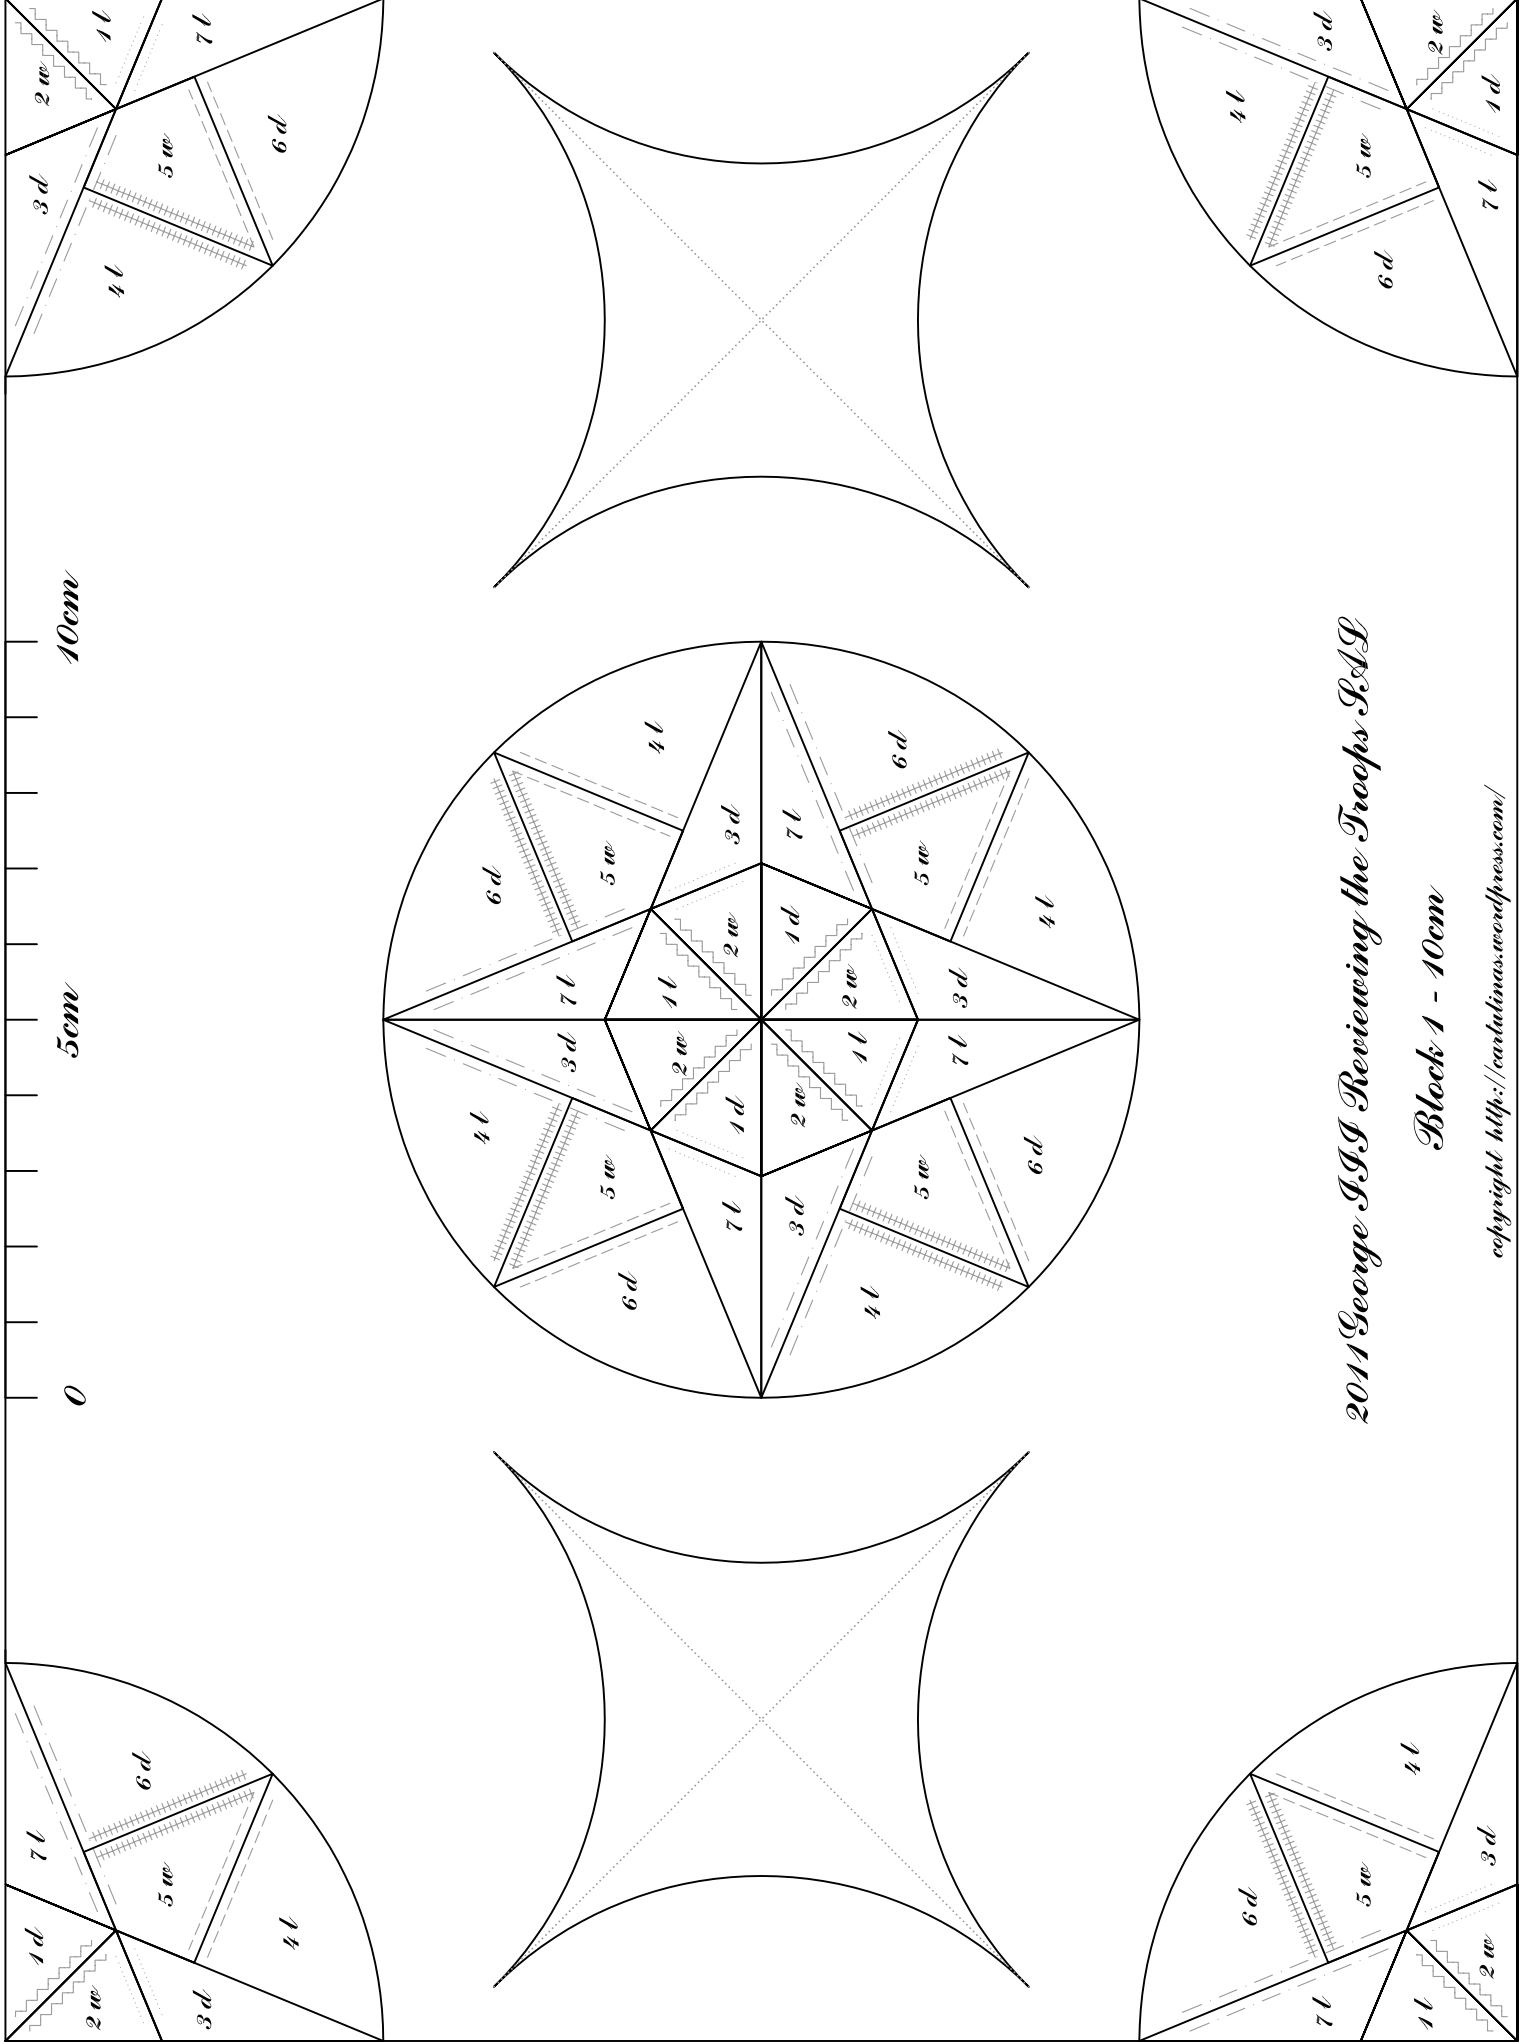

Choose if you want to sew the 15cm (6 inches) or the 10cm (4 inches) block. Print the selected patterns on freezer paper. Cut the freezer paper on each black line of the pattern. Dry iron each tiny piece to your chosen fabric.

w - White Fabric or your Background Fabric l - Light Fabric d - Dark fabric

The grey lines included in each pattern piece are only there to help you identify each seam. Sew pieces following these steps. The blue line marks the seam that you have to sew in each step.

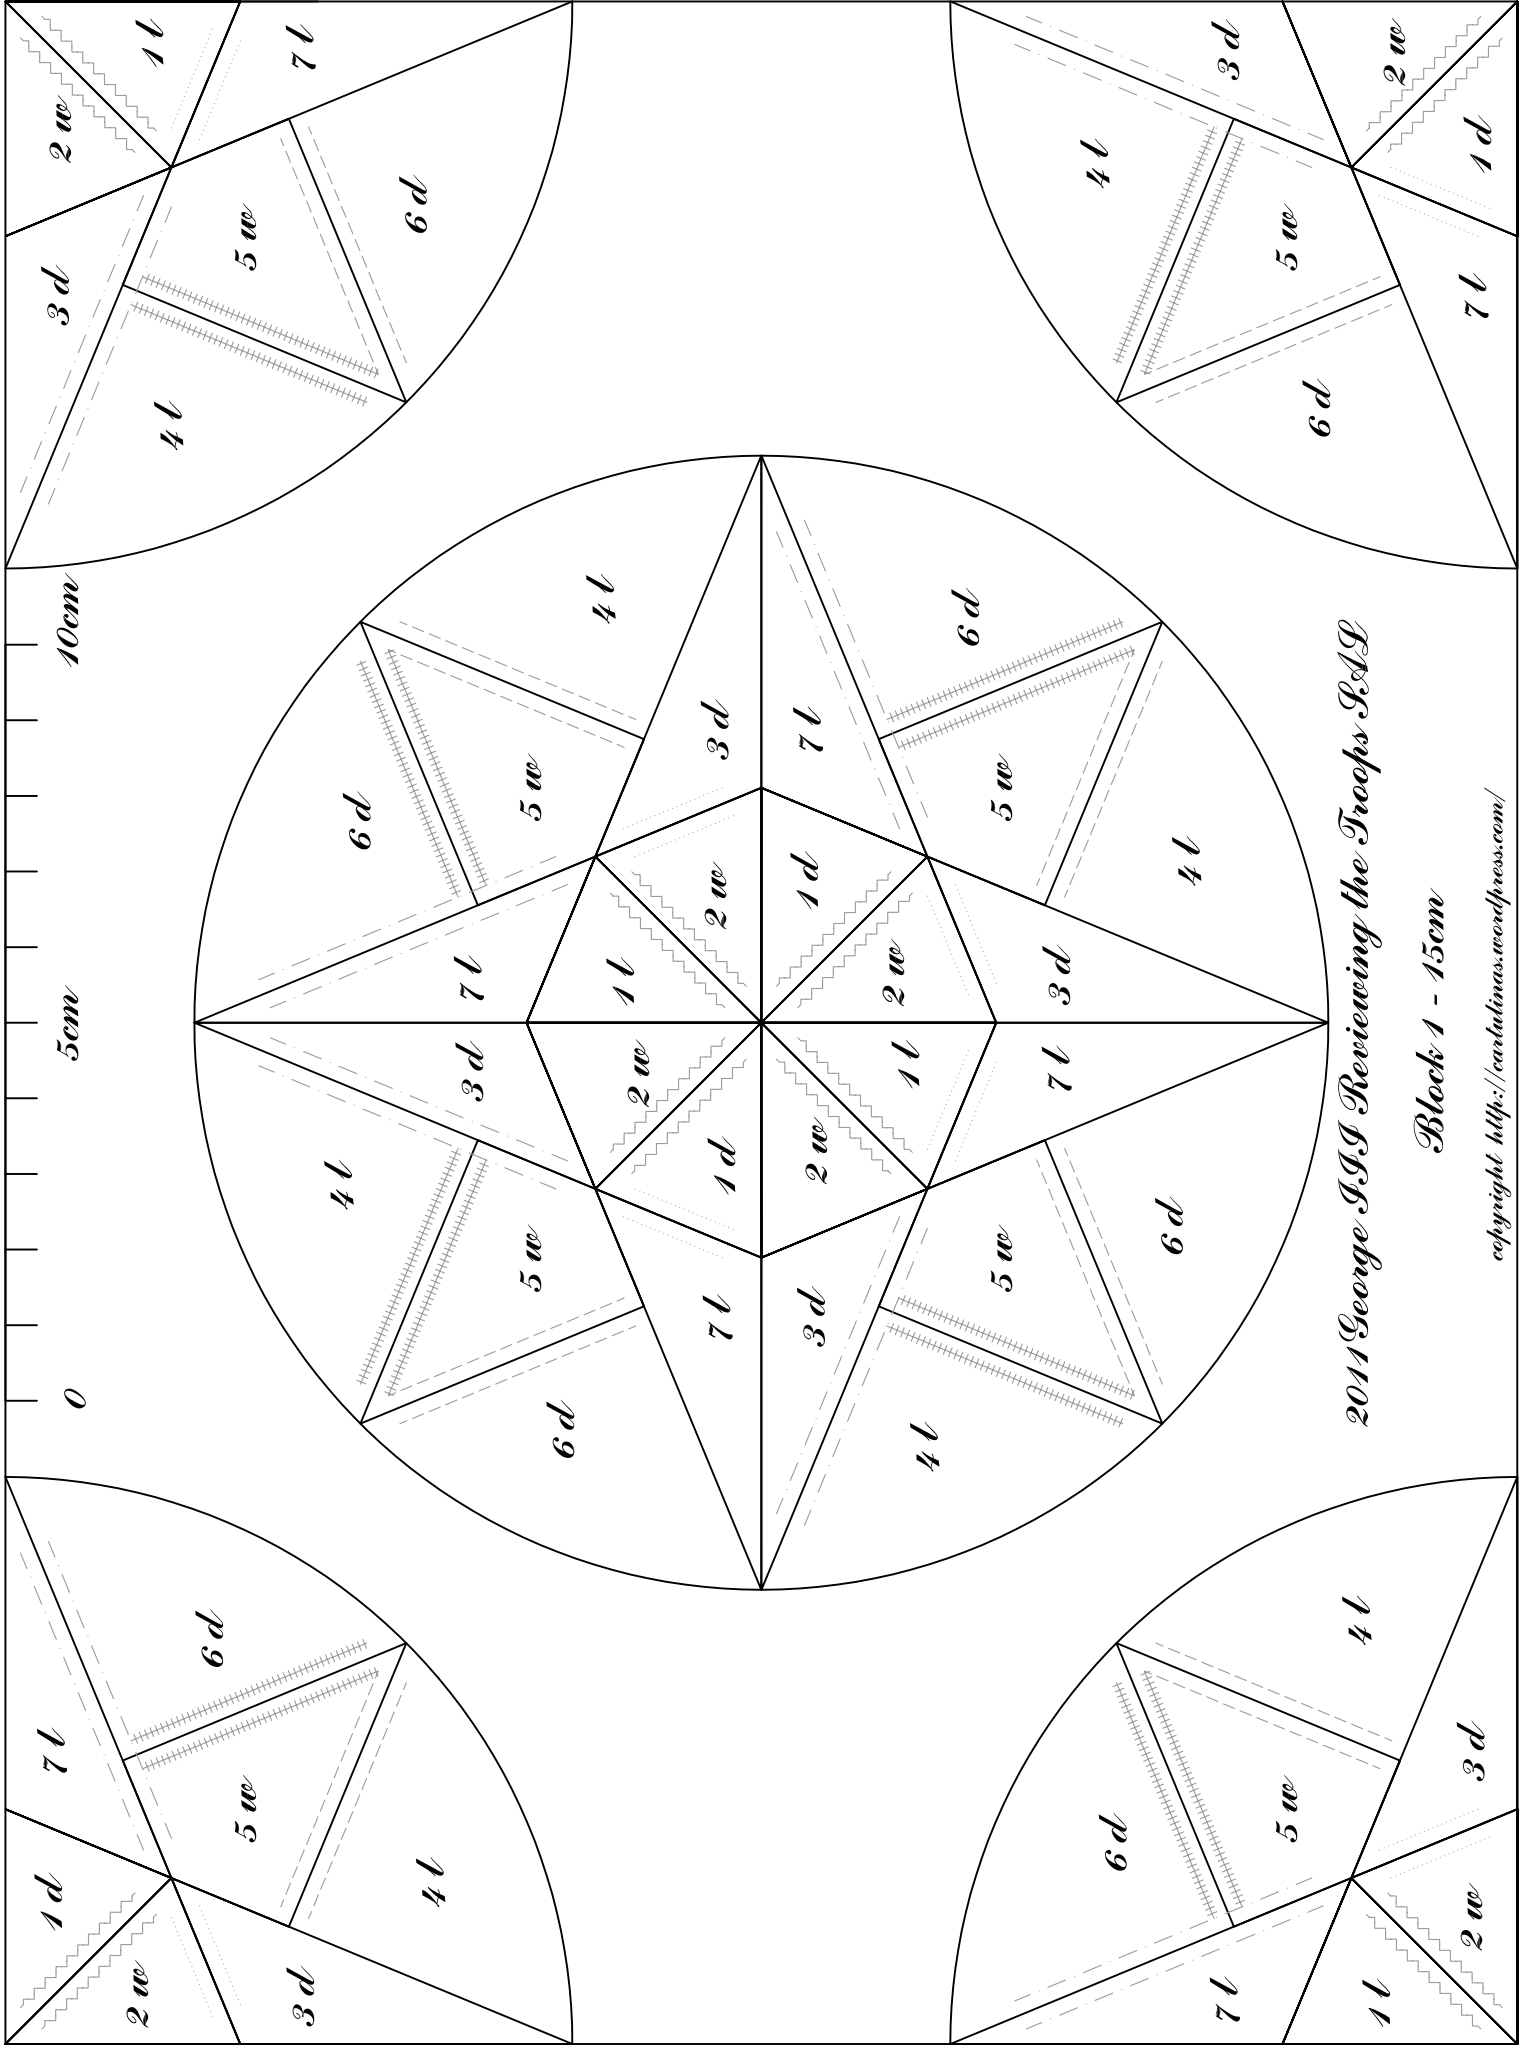

I have included the background piece, in case you need it. It is included in the same page as the block in the 10cm version and in a separate page in the 15cm version. You can also use the corners as pattern pieces. copyright <http://carlatinas.wordpress.com/>
